

The purpose of this tracker is to SUMMARIZE the regulatory restrictions by state along with potential dates that these restrictions will be lifted. These dates are constantly changing, and need to be double checked before any changes to operating procedures are changed in any state or office. The details matter! Please do not act on this data without careful DETAILED consideration of the actual regulations in each state.

Market	Sub-Market	State	Number of Practices	Broad Orders	Broad Order Lift Dates (Term Dates)	Dental Orders	Dental Order Lift Dates	Useful Sources
